ANNEXURE-‘A’
TERMS AND CONDITIONS

1. Proposals are invited from Contractor/contractors/individuals having valid GST no. to Project Monitoring Unit(PMU) Office at Gyalshing (Sikkim), NHIDCL as detailed in BOQ on hourly basis.
2. The Machines, tools to be deployed for purpose should be in good condition.
3. All the cases related to accident/damages/compensation shall be the responsibility of Machines Owner/Contractor/contractors
4. The quoted rates shall be inclusive of all taxes but excluding GST.
5. The Contractor/contractors/individuals should submit their bills in duplicate/original along with photographic record for dismantled and disposed muck and Clearance site.
6. NHIDCL reserves full rights to curtail, modify, halt/cancel, reject any or all offer/s, at any stage without assigning any reasons and no claims of whatsoever nature will be entertained on this account.
7. quotation shall remain valid for period of 120 days from quotation due date
8. Safety & Traffic Management During execution of demolition works, the Contractor shall be solely responsible for ensuring safety, stability, and serviceability of the structure as well as surrounding properties. All mandatory safety measures shall be strictly complied with, and traffic movement shall not be disturbed during the working period.
9. For Tools, Machinery & Debris Disposal The Contractor shall arrange all required tools, plants, machinery, and manpower at his own cost. Collection, transportation, and disposal of dismantled materials/muck to an approved and safe dumping location shall be the sole responsibility of the Contractor, without any extra cost to the Employer

10. Precautions for Safeguarding the Environment

The Contractor shall preserve existing trees, plants and other vegetation that are to remain within or adjacent to the works and shall use every precaution necessary to prevent damage or injury thereto. On completion of the Works, all areas disturbed by the Contractor's construction activities shall be restored in their original condition, or as may be acceptable to the Engineer. The cost of this work shall be deemed to be included in the rates generally.

11. Plant and Equipment

During the day, plant and equipment working in a position adjacent to traffic and having a projection beyond the normal width of the item, for example, a grader blade shall have a fluorescent red marker attached to the outer end of the projection. During poor light conditions an additional traffic controller with an illuminated red marker shall direct traffic around such plant and equipment. At night, all plant items and similar obstructions shall be removed from the normal path of Machines, to provide a lateral clearance of at least 6m where practicable, with a minimum clearance of 1.2m. Plant and equipment, within 6m of the normal path of Machines, shall be lit by not less than two yellow steady lamps suspended vertically from the point of the obstruction nearest to a traffic lane, and one yellow steady lamps at each end of the obstruction on the side farthest away from the traffic lane.

Name, Signature & Seal of Bidder
