7.	DCA, Article 9, Clause 9.2	<p><u>Shifting of obstructing utilities</u></p> <p>The Contractor shall, in accordance with Applicable Laws and with assistance of the Authority, undertake the work of shifting of any utility (including electric lines, water pipes, gas pipelines and telephone cables) to an appropriate location or alignment, if such utility or obstruction adversely affects the execution of Works or Maintenance of the Project Highway in accordance with this Agreement. <u>The cost of such shifting, as per estimates prepared by the entity owning the utility and approved by the Authority, shall be reimbursed by the Authority to the Contractor. The scope of work of such shifting of Utilities shall be as indicated in Schedule-B-1.</u> In the event of any delay of such shifting on the part of the contractor, no extension of time for completion of the project and no claims, in any manner, shall be admissible on this account against the Authority. The work of shifting of Utilities can be taken up by the Contractor any time after signing of the Agreement.</p>		<p><u>Shifting of obstructing utilities</u></p> <p>The contractor shall, subject to Applicable Laws and with assistance of the Authority, undertake shifting of any Utility (including electric lines, water pipes and telephone cables), to an appropriate location or alignment, if such utility or obstruction adversely affected the execution of works or maintenance of the project Highway in accordance with this Agreement, as per the scope given in Schedule-B and in accordance with applicable standards and specifications of the concerned entity. The cost of shifting of such utilities indicated in Schedule B is payable to the contractor as per schedule H. Cost of shifting utilities not included in Schedule B, if any, shall be change of scope. The Authority will provide assistance to the contractor for obtaining the estimates for shifting of such utilities from the entity owning such electric lines, water pipes or telephone cables, as the case may be. The contractor shall execute such utility shifting works under the supervision of Utility owning agency and Authority Engineer (AE) in accordance with the provision of the agreement. The supervision charges only shall be payable by the Authority to the Utility Owning</p>
