**Minutes of Meeting of Empowered Technical Evaluation Committee (ETEC) for evaluating Technical Bids for “Consultancy Services for Authority’s Engineer for supervision of Construction, Operation and Maintenance of 2-lane Bi-Directional Silkyara Bend -Barkot Tunnel with escape passage including approaches on Dharasu-Yamunotri section between Ch. 25.400 and Ch. 51.000 falling along NH-134 (old NH-94) in the State of Uttarakhand” on Engineering, Procurement and Construction (EPC) Mode held at NHIDCL on 05.11.2018, New Delhi.**

The bids for subject work were invited having Bid Due Date 25.10.2018. In all, three bids were received from the following bidders.

S. No.	Name of the Firm
1	M/s TPF Getinsa Euroestudios S.L. in association With M/s Rodic Consultants Pvt. Ltd.
2	M/s Meinhardt Singapore Pte. Ltd. in joint venture with M/s Amberg Engineering Ag
3	M/s Systra S.A. in joint venture with M/s Pems Engineering Consultants Pvt Ltd

2. In this meeting, ETEC was apprised that the approved RFP is customized document to include bridge criteria for 1<sup>st</sup> Stage & 2<sup>nd</sup> Stage Evaluation as the assignment is a standalone Tunnel work of length 4.859 km. As such, the INFRACON evaluation module is not capable of carrying out the evaluation for the criteria of Tunnel works. Hence, the evaluation is required to be carried out manually. Accordingly Empowered Technical Bid Opening Committee handed over the hard/soft copies of the technical bids to the Financial Consultant M/s KRA & Co. engaged for carrying out the evaluation.

3. The financial consultant submitted the technical evaluation report vide letter dated 02.11.2018 (enclosed at **Annexure- I**). Financial Consultant also examined the certificates of all the firms uploaded on INFRACON to assert its appropriateness vis-à-vis RFP Criteria. Those projects with incorrect/incomplete experience certificate have been rejected and accordingly the first stage evaluation of the firms carried out.

4. The financial consultant observed that one of the bidders viz. M/s Systra S.A. has created team on ID INFRACON Portal with M/s Systra S.A. as Lead member and M/s PEMS Engineering Consultants Pvt. Ltd. as other Member in accordance with RFP

Clause No.7.1 of section -1. On opening of bid online as well as physically it is found that M/s Systra S.A. has bid as a sole firm which is in contradiction with the generated INFRACON team ID. Since, INFRACON is the prerequisite to bid on CPP Portal and physical submission of the bid. Therefore, the financial consultant has considered the bid as Non-Responsive due to non- meeting the requirement by the other member of the JV. Accordingly, the first stage evaluation results are as under:

Sr.No.	Name of Bidder	Obtained marks through Manually by Financial Consultant (Max. points 25)	First Stage of Eligibility Status through Financial Consultant/Remarks
1	M/s TPF Getinsa Euroestudios S.L. in association With M/s Rodic Consultants Pvt. Ltd.	25.00	Responsive
2	M/s Meinhardt Singapore Pte. Ltd. in joint venture with M/s Amberg Engineering Ag	-	<p>(i) The project No. 19 uploaded on Infracon Portal. The assignment of the work is Architectural / Engineering consultancy services for downtown Line MRT Contract 9181C, and have completed the overall project in 7 Packages. The bidder has submitted the details at Page No. 147 of bidding document wherein it is mentioned that all Detailed Design of Stations, shafts, Tunnels and Cross Passages work is submitted on 30.04.2010 which is beyond the required last 7 years experience as per Clause no. 11 (A), Section-1 of RFP document. Hence, DPR experience of the project is not considered. However, civil work experience is considered.</p> <p>(ii) The Lead partner has not qualified the minimum experience in DPR/FS of 50% of 2 times of length (i.e. 9.718 km) as per Clause 11 of Section 1 of RFP.</p> <p>(iii) Therefore, Non-responsive.</p>

Hence, the bidder is Non-Responsive.
---	--	---	---

5. As per evaluation by Financial Consultant, bidder at Sr. 2 & 3 above are not eligible in the first stage of evaluation as the firms do not meet the minimum eligibility requirement as per Clause No. 11 of section 1 for further evaluation.

6. Further, Financial Consultant carried out manual evaluation for second stages of one firm, result of which is tabulated below:

Sr. No.	Name of Bidder	Evaluation by Financial Consultant (Technical Score)			Reasons/Remarks
		Firm's marks	Key personnel	Total marks	
1	M/s TPF Getinsa Euroestudios S.L. in association With M/s Rodic Consultants Pvt. Ltd.	25.00	67.33	92.33	Responsive*

\* Subject to Condition that the bidder would submit Copy of original Audited Financial statements & Merger Agreements. (Bidder has submitted certified translations of the Financial Statements & Merger Agreements).

### Broad Principles adopted for RFP Evaluation

#### 3. Broad Principle (as discussed with Authority):

As per our discussion held with the Authority, following assumptions have been considered for carrying out the evaluation:

##### A. Firm's Relevant Experience

- i) Cut-off Date for Eligible Projects completed during last 7 years For the purpose of determining the Firm's relevant experience in last 7 years only those Projects have been considered which have been completed between the dates from October 24, 2011 to October 25, 2018. Hence, if a project's completion date falls before 24.10.2011, then such project has not been considered for eligible experience towards DPR/ Feasibility Study Cum Preliminary Design Report / Project Supervision/Independent Engineer. Whereas, in cases where completion year is mentioned as 2011 & date and month of completion is not mentioned, the said projects have not been considered, assuming that the completion date is before the cut off date.
- ii) Date of Completion of the Projects – In case the Date of Completion of Project is not mentioned in the Completion Certificate, then, for the purpose of determining whether the project is completed in the last 7 years, the Date of Issuance of the Completion Certificate has been considered as the Date of Completion of the Project and information given in Experience Certificate/Completion Certificate issued by the Government client / Agencies has been considered as Final
- iii) Experience of Detailed Engineering Design/Detailed Design. Where the Detailed Engineering Design/ Detailed Design have been carried out as a part of Consultancy Services the same has been considered as part of Experience in DPR Projects.

##### B. Relating to Qualification and Competence of the Key Staff for adequacy of the Assignment

###### (i) Qualification of the Key Personnel

No Marks have been awarded where the specialization/Stream of the Desirable Educational Qualification is claimed by the Key Personnel in the CV but the same has not been reflected in the Degree/Qualification Certificate.

###### (ii) Marks towards Employment with the Bidder Firm

While ascertaining the Employment with the firm:

- (a) Only the current employment till date of invitation of the proposal/NIT has been considered. Any past employment with the Firm has not been considered in period of Employment with the Firm.

- (iii) For evaluating the CV similar capacity of Tunnel Ventilation cum E&M Expert, designation Executive engineer/Superintending engineer have been considered in similar capacity.
