3rd Minutes of Meeting of Technical Bid Evaluation Committee (TEC) for “Construction of 2 laning with Hard shoulder of Peren- Dimapur section on NH 129A from Design Km 109.494 to Km 126.775 (Length – 17.281 Km) in the state of Nagaland on EPC mode (Package I) under NH (O) - TSP)” held at NHIDCL, New Delhi at on 07.09.2020.

1. Consequent upon approval of the Competent Authority of Minutes of the Meeting dated 03.09.2020, the financial bid of the 16 technically responsive bidders is scheduled to be opened on 08.09.2020 at 1500 Hours and the same was informed to the bidders vide letter uploaded on CPP portal and NHIDCL website.
2. M/s CSR Infratech India Private Limited, one of the technically non responsive bidders vide their email dated 07.09.2020 have represented that NHIDCL in the technical evaluation has not considered the turnover of FY 2014-15 for the purpose of valuation of Average turnover. The bidder has stated that as per the RFP, the turnover of 2014-15 is also to be taken, as the financial statement for the accounts of FY2019-20 are yet to be finalized. Further, the bidder has also stated that there is “no amendment that FY 2014-15 turnover is not be considered for the calculation of Average Turnover of last 5 years”, issued by NHIDCL.
3. The Committee considered the representation of the bidder with reference to provision of RFP and observed that the bidder has submitted an undertaking regarding the non submission of records of the company for the financial year 2019-20. As per the Annexure XI of the RFP, in case the bidder has submitted an undertaking, then the account of previous 5 years i.e. up to 2014-15 has to be considered for evaluation whereas in the earlier calculation, the accounts for the year of 2014-15 has not been considered by the committee.
4. The TEC decided to consider the accounts of year 2014-15 for all the bidders who have submitted the undertaking regarding non submission of the account of 2019-20 and accordingly, revised the financial figures is as per Annexure-I
5. The committee further observed that after considering account of 2014-15 for M/s CSR Infratech India Private Limited, the average annual turnover of the bidder is recalculated to be Rs. 44.54 Crore which is more than the requirement of Rs. 37.87 Crore as stipulated in the RFP. Hence, the committee decided to treat the bid of M/s CSR Infratech India Private Limited as Technically Responsive.
6. In view of the above, the committee therefore decided to revise its earlier recommendation as under, subject to the approval of the competent Authority.
